

How does Life Directions engage with jobseekers?

1

The jobseeker drops-in to Life Directions (LD) or makes a scheduled appointment.

Jobseeker

LD works with jobseekers 15 years and older living with a self-disclosed or diagnosed disability.

2

LD works with the jobseeker to develop a Return to Work Action Plan.

3

LD provides the jobseeker with one-on-one pre-employment career development.

Pre-employment career development includes:

- needs and resource identification
- goal setting
- resume development
- interview preparation
- provision of training

*At every step, Life Directions (LD) provides individualized, **one-on-one** support that accommodates the unique needs of the jobseeker. **Long-term engagement** with LD helps the jobseeker to achieve their career goals, even after employment is secured.*

4

LD works together with the jobseeker to make introductions to potential employers and set-up interviews.

5

The jobseeker secures employment or a job placement. This may be a stepping-stone to the jobseeker's longer term career goals.

6

LD works with the employer to develop and implement a training plan for the new hire.

7

LD maintains ongoing contact with the jobseeker and employer to ensure career success and employee retention.
